

To our valued guests,

We are hopeful that we will be able to reopen next month. Our opening is based on what the Mississippi Gaming Commission allows, and we follow their direction. Please note the following:

- **We are accepting hotel reservations for April 1, but this is pending opening approval from the Mississippi Gaming Commission.** If we push back opening, all reservations will be cancelled without penalty. Please follow our Facebook page, the Scarlet Pearl website, or call us at 888-752-9772.
- **We may have to adjust specific events and promotions.** Thank you in advance for your understanding!
- **In the event we open later than April, we will keep offers consistent with what you have received in the past.**

We continue to take safety precautions in the meantime: deep cleaning all areas, monitoring policies and procedures recommended by the CDC, practicing social distancing, ensuring hand sanitizers across the property and much more.

Please follow us online and on social media for more frequent updates:
